

Vice President of Information Technology Search

The Woodlands, Texas (March 1, 2016) – Fort Knox Federal Credit Union, headquartered in Radcliff, Kentucky has enlisted the Executive Recruiting team at D. Hilton Associates to conduct the search for a Vice President of Information Technology.

Serving as the Chief Technology Officer for the organization, this individual will manage, direct, and be responsible for the overall operation of the Information Technology department while ensuring operational compliance and support of the credit union's corporate goals and objectives. Reporting directly to the CEO, this IT executive will act as a pacesetter monitoring technology trends and discovering new opportunities to benefit the organization. In doing so, the Vice President, Information Technology will actively develop strong vendor relationships while providing innovative improvements to current procedures and processes to assure superior member service and effective corporate information management. Completion of a Bachelor's degree in Information Technology or related field and at least three years IT management experience is required.

About Fort Knox Federal Credit Union

Fort Knox Federal Credit Union, the largest Kentucky-based credit union in the state, is dedicated to serving its nearly 90,000 members by providing superior products and services that allow them to improve the quality of their financial lives. A leading financial institution in both safety and soundness, Fort Knox Federal has been repeatedly recognized for its outstanding business practices, sustained managed growth and positive comparisons to its peer credit unions. Serving the Central Kentucky region for more than 65 years, Fort Knox Federal now has 16 branch locations in urban, suburban and rural communities; and, with more than \$1.3 billion in asset, has the size and capacity to serve all levels of individual and business financial needs. In short, Fort Knox Federal Credit Union exists to improve the financial lives of its member-owners.
